

## Kents Hill School Nursery

There have been several events taking place over the past few weeks that the children may have attended or taken part in such as Bonfire Night, Halloween, Eid, Diwali, school disco and days out during half term.

Therefore the weekly challenge for the children this week in Nursery is

“to talk about and describe an occasion or event you have been to, seen or taken part in recently”

Please support your children with this challenge by talking about these events and encourage them to bring in any photos, leaflets or any other information they may have to share with the other children and put in their Special Box.

The children have thoroughly enjoyed creating sparkly firework pictures and with Christmas activities in mind, we would welcome any donations of sparkly or shiny paper, tinsel, glitter, old Christmas decorations and cards that you may have.
